

**LARRY COHN
ORANGE UNIFIED SCHOOL DISTRICT
GOVERNING BOARD MEMBER
TRUSTEE AREA 7**

I am committed to bringing a common sense, conservative, businesslike approach to OUSD. With a solid financial foundation, we can continue to meet the goal of quality education in clean, safe classrooms, with the best teachers available.

I am a husband, father of four children; two attended OUSD schools and a sophomore who attends El Modena High School. I care about what happens to our schools!

My community involvement includes coaching and fundraising for a local soccer club and Villa Park NJB. I have served on the Technology Committee at Villa Park High School and Site Council at Santiago Charter Middle School. I served as chair for the OUSD Legislative Coalition and led two successful trips to Sacramento where we let our Legislators and Governors' office know what we need to improve our local schools. I currently serve on the Santiago Middle School Charter Board, helping direct this charter school through its first fully independent year.

My pledge to the voters and taxpayers is simple and direct; I will work hard to ensure that our District continues to become one of the best in California!

I appreciate your vote.
